

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

DATE September 10, 1982

SUBJECT Request for Update on Compliance of SPCC Plan for Lancia Oil Co., Inc. with 40
C.F.R. §112.7
Docket No.: OH-II-81-111
FROM Henry Gluckstern
Attorney
Water Enforcement Branch
TO Fred Rubel
Chief
ERHMIB

By my memo dated June 4, 1982 I requested that your staff examine the Respondent's P.E.'s reply to ERHMIB's objection to his SPCC Plan, and that your staff contact the P.E. and work out an agreement, as has been done so often in the past, in the event disagreement existed. To date I have heard nothing concerning this case, which concerns a large facility and for which a \$10,000 penalty has been proposed.

Since the owner of the facility has given every indication that he will give EPA a hard time in pursuing a settlement, I will need all the time I can get to negotiate with him.

I would appreciate your determining the current implementation status of this facility when you contact the P.E.
